Summary: Journey Across Time is an all new middle school world history program organized chronologically from the first humans and ancient civilizations to the American Revolution. Co-authored by National Geographic and Jackson Spielvogel, Journey Across Time's engaging narrative and outstanding visuals transports students back in time. As Co-Author, National Geographic Society ensures that students understand the influence of geography on historical events. Together the authors take students on a Journey Across Time. It is a standards-based program with important geography skills embedded in every lesson. The story of history unfolds with beautiful maps, custom artwork, artifacts, visuals, and compelling narrative to transport students to the civilizations that came before and to make connections to today.
