Brand New Book ***** Print on Demand *****.A Stem Dictionary of the English Language for Use in Elementary School By John Kennedy Preface Language is the external representative of thought. It is not only the means of expressing thought, but it is also the necessary means or condition of extended thinking. It is, therefore, an immediate and ever-pressing factor in education; it is the available form of another s thought; it is the means of developing and perfecting our own. Thoughts disentangle passing over the lip. But this disentanglement implies a corresponding disentanglement of language; it implies a sensitive and delicate perception of the scope and application of terms. This sensitiveness and delicacy of perception is conditioned in the power to resolve secondary expressions into the primary forms from which they have sprung. Mastery of a subject implies the possession of every elementary notion involved in it; a corresponding mastery of language must therefore also imply an acquaintance with all its devices for expressing elementary notions. Primary words are but one class of these devices. There are, indeed, in the English language four classes...
